

United States Government
FY 02 Trade Capacity Building Assistance (\$US)
MONGOLIA

Activity Title	Activity Description	TCB Category	FY 02 Total
200230034A - Aviation Safety Training	TDA promotes economic development and trade in developing and middle-income countries by funding feasibility studies, consultancies, training programs and other project planning services. Funded and implemented by Trade Development Agency.	Physical Infrastructure Development	\$ 150,000
Human Capacity Development/ Higher Education & Training Systems	This program provides technical assistance to higher education workforce development and training activities in agriculture, agribusiness, trade and related areas. Funded by USAID and implemented by USDA/FAS.	Trade-Related Agriculture	26,111
National Program for the Prevention and Elimination of Child Labor in Mongolia (Phase II)	The project will withdraw from work or prevent approximately 2,700 children from engaging in exploitative labor in the coal mining, gold mining, animal herding, and informal sectors (including commercial sex and scavenging) through a range of interventions including rehabilitation services such as non-formal education and counseling; linkages with local medical and community services; and access to income generating opportunities for at least 400 families of working children. The project will also aim to prevent child labor through awareness raising and community mobilization, and will seek to enhance the capacity of public and private partners and concerned agencies at all levels (national and local, institutional, organizational, community) to plan, initiate, implement, monitor, and evaluate action to combat child labor. Funded and implemented by International Labor Affairs Bureau.	Human Resources & Labor Standards	994,953
The Competitiveness Initiative	Carried out technical assistance in cashmere, meat and tourism sectors of Mongolia aimed at improving productivity and export potential. Activities include assistance to industry in product development and marketing, training to improve service standards, work with government agencies on regulations and standards affecting products and services, and support of a key association directly involved in the promotion of export services (tourism). In the meat export area, TCI worked on hygiene and sanitation in preparation for compliance with international food safety standards and other export related requirements (CODEX and HACCP). For more information please see www.tcimongolia.org. Funded and implemented by USAID/Mongolia.	Export Promotion	366,400
		Business Services & Training	458,000
		Other Trade Facilitation	91,600
		Tourism Sector Development	732,800
		Gov/Transparency & Inter-Agency Coord.	183,200
		Activity Total	1,832,000
The Global Trade and Technology Network (GTN)	GTN is an international trade lead matching and technology transfer network that helps small and medium-sized enterprises build trade and business linkages, identify investment opportunities and access new technologies. GTN firms are connected by an Internet-based trade lead matching platform that facilitates trade through on-line matching of technology needs with firms that can provide the product or service requested. GTN builds the capacity of firms to engage in international trade by increasing SME access to commercial information and global markets through an all horizons trade initiative that promotes trade in any GTN country in any sector. GTN also facilitates bilateral trade and technology transfer with the United States. GTN's electronic commerce platform enables firms to establish international trade linkages such as joint ventures, direct sales and purchases, and agent or distributorships. For more information please see: www.usgtn.net Funded and implemented by USAID/EGAT/BD.	Export Promotion	62,500
		Business Services & Training	62,500
		Activity Total	125,000
FY02 Total USG Trade Capacity Building Assistance to MONGOLIA			\$ 3,128,064
